In addition, competitors will be awarded one bonus point for each competitor beaten in class, up to a maximum of five bonus points.

T7.4.1 - in the event that the best 50% of finishers (as defined in T7.3.4) represents less than five competitors, scores equivalent to that of the class winner must be added to the results of the class a sufficient number of times so that the average for the class can be based on five scores.
