Note: Provisional results displayed at end of event showed car 50 to have 1F 40.17 penalties, and placed 39th. overall, 10th. Novices. Official printed results showed car 50 as Non-Finishers. After enquiries, it was found that the organisers must have mislaid the time cards after displaying provisional results, but before printing finals. Organisers would not do anything about this, as they reckoned that they could not find the card. Competitors in Car 50 have therefore been credited with 53 ANWCC Championship points, but lower placed crews have not had their points adjusted.
